

ELECTRIC PANEL HEATER

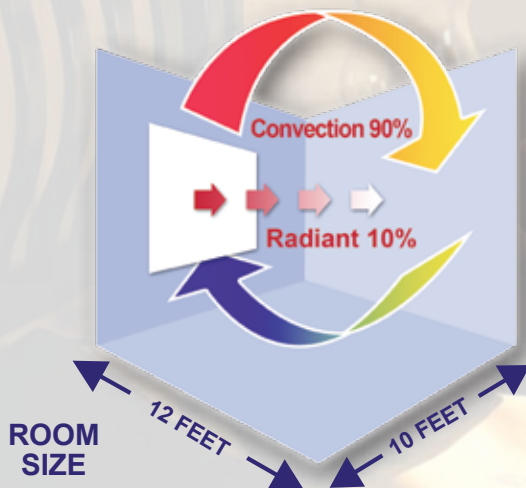

effective | efficient | economical

THE WORLD'S MOST ECONOMICAL WHOLE ROOM HEATER

ECO-heater electric panel heaters offer a new way to combat rising heating bills and energy consumption.

CONVECTION TECHNOLOGY

Natural convection creates high-efficiency heating

- **Effective** – One unit heats a room ... multiple units heat an entire home.
- **Efficient** – Up to 75% more efficient than other whole room heaters.
- **Economical** – Heats an average room using only 400 Watt versus conventional heaters that use 1,500—2,000 Watt of electricity.
